THE VILLAGE

Beckage Member and Global Data Privacy Team Lead, Jordan Fischer, will be a panelist at SecureTheVillage's Cybersecure America 2021 Conference on October 21st. The conference theme for 2021 is *A Reasonable Approach to Reasonable Security, The Sequel*. This conference is held annually in support of Cybersecurity Awareness Month.

Panelists aim to help organizations understand which cybersecurity practices they should be focusing on to work towards compliance with state, federal, and international data security regulations.

Secure the Village is a 501c(3) community-based response to the cybersecurity and privacy crisis.
