RATED BY
Super Lawyers

NEW YORK., October 6, 2021 - We are pleased to announce that Beckage Member, Myriah V. Jaworski, Esq. CIPP/US, CIPP/E has been recognized as a New York Metro Super Lawyer in the Civil Litigation category. This accolade is a testament to her high level of professional achievement and recognition by her peers.

Super Lawyers is an organization that ranks lawyers across over seventy practice areas with the goal of creating a credible and comprehensive list of outstanding attorneys. Myriah was named an *Upstate New York Super Lawyers® Rising Star* in 2019 and 2020.

Myriah Jaworski leads the Privacy Litigation Team at Beckage, a 360-degree technology law firm with a recognized focus on data security and privacy compliance, incident response, and litigation. She represents clients in data breach actions, technology vendor disputes, intellectual property litigation, and the defense of consumer class actions and related regulatory investigations stemming from the violations of the TCPA, CCPA, BIPA, and other state and federal privacy laws. Myriah also works with clients to evaluate and implement new technologies, including AI and machine learning tools. She is a Certified Information Privacy Professional, United States (CIPP/US) and a Certified Information Privacy Professional, Europe (CIPP/E).

About Beckage: Beckage is a women-owned law firm that focuses on technology, data security, and privacy. Beckage attorneys counsel clients on matters pertaining to data security and privacy compliance, litigation and class action defense, incident response, government investigations,

technology intellectual property, and emerging technologies such as Artificial Intelligence (AI), digital currencies, Internet of Things (IoT) devices, and 5G networks. Beckage is a NetDiligence Platinum Authorized Breach Coach - a recognition offered only to firms with a proven track record of competency and experience responding to data incidents. Beckage has offices from California to New York. Learn more at Beckage.com. ###
